Date: 13 September 2016

Dear Member,

KDGC Enterprise Agreement Update

Members should be aware by now that there has been a big mistake made in the Enterprise Agreement process. This will amount to some delay in the certification of the agreement.

We understand that KDGC are working as fast as they can to rectify their error.

Members are concerned that they will miss out on benefits gained in the new EA due to this delay. It is the view of the RTBU that its members should not miss out on one cent because of this situation and we will not step back from this position.

This union, with the backing of its members at KDGC, worked hard to get these benefits so we expect our members to receive all they are entitled to. For this reason, we have written to KDGC and advised them that we expect members will be back-paid all entitlements to the beginning of last week (5 September).

We await their response and will advise you of any developments.

Unity is Strength
